

SAHIL DANGARE

Email: sahildangare.01408@gmail.com

Phone: +91- 8668279034

PROFESSIONAL SUMMARY: -

Overall, **2.7** years of IT experience in **Java** along with **Spring Boot API development** involving the SDLC activities like requirement analysis, design, implementation, development of the applications in banking project.

- Good Experience in developing **financial APIs** using **Spring Boot** and **Java**.
- Hands-on experience in developing RESTful Web Services.
- Good experience on monitoring tools like **AppDynamics** and **Splunk** to monitor the applications after deployment in **Dev** and **Prod** environment.
- Excellent working experience in Build automation and deployment automation tools.
- Good work experience in Build Management and configuration management tools and other DevOps tools such as **Git**, **Jenkins**, **Maven**, **Dockers**, **Kubernetes** and **Nexus**.
- Configured and maintained Jenkins to implement the CI/CD process to deploy the **APIs/Applications** to Kubernetes.
- Automated the deployments to **Dev**, **Perf** and **Prod** Environments by using the DevOps tools.
- Tracking defects using Defect Tracking Tool like **JIRA** and **Confluence**.
- Good knowledge in executing queries in SQL server Database to check the status/record count of the applications.

Educational Qualification: -

Qualification	Institution	Board/University	Year of Completion
Bachelor of Technology	DKTE's Engineering Institute, Ichalkaranji	Shivaji University, Kolhapur	2021
Intermediate	Vyankatrao Junior college, Ichalkaranji	Board of HSC (MH)	2017
SSC	Vyankatrao Highschool, Ichalkaranji	Board of SSC (MH)	2015

Professional Experience: -

Company Name	Designation	Duration
Capgemini	Senior Software Engineer	August 2021 to till date

Technical Profile & Skill set:-

Operating system	Windows server
Build Tools	Maven
Version Control Tools	GIT/GIT HUB
Web/Application Server	Apache 2.0, Tomcat 8

CI Tools	Jenkins
Monitoring Tools	Splunk, AppDynamics.
Cloud Technologies	AWS, GCP
Database	MySQL
Artifactory	Nexus 3
Development Tools	Spring Boot, JAVA

Projects Involved:-

PROJECT PROFILE: 1

Organization : Capgemini
Since : August 2021 to till date
Designation : Software Engineer
Name : Digital Fraud

Technologies & Tools: -

GIT, Maven, Jenkins, Spring Tool Suite (STS), Spring Boot, Java, GITHUB, Nexus, Postman, Docker, Kubernetes, Splunk, AppDynamics, and MYSQL.

Roles and Responsibilities:

- Experience in development and configuration of the spring boot APIs using STS.
- Worked on Deployment automation through packaging build deliverables using various DevOps tools.
- Implemented continuous integration and continuous deployment using Jenkins pipeline jobs.
- Experience in cloud platforms like Pivotal Cloud Foundry (PCF) and IKP
- Experience in testing the API through postman.
- Supported testing after implementing feature.
- Analyzed and resolved conflicts related to merging of source code for GIT and created repositories as per the environment needs.
- Performed git operations like clone, push and pull activities and created repositories in the GitHub for migration changes like adding dependencies into the POM file etc.
- Building the application using maven build tool.
- Created YAML files with all the configuration details for application deployment to Kubernetes.
- Experience in creating Docker images and pushing to the Nexus3 Artifactory.
- Created various Jenkins CICD pipeline jobs for Docker build push, Environment deployment and E2E Deployment.
- Experience with monitoring tools such as Splunk and AppDynamics.

Declaration:

I Mr. Sahil Dangare, hereby declare that all the information provided above is true and correct to the best of my knowledge and belief.

Place: Ichalkaranji
